Event Branding

ART 323A Fall 2025

Christy Ho

The event takes place at Disney California Adventure Park, where Lunar New Year decorations have been made around the park. Families, young adults, Disney fans, and visitors interested in Asian cultural traditions represent a majority of the audience. The idea is based on the 2027 Year of the Goat, which stands for friendliness, warmth, and creativity. The logo blends traditional Lunar New Year themes with Disney's joyful and welcoming style through the use about strong, bright text and warm colors. All things taken into account, the event produces an enjoyable atmosphere where entertainment and culture meet for all people.
